1. Who can see this moment, sterile not, reproduction of only me; not sterile at all, but plastic not; import of only me.

2. Who can see my importunistic one not; but my who would not let me go, until he blessed me. I love you. I bless you and thank you for blessing now my people who lie unabatedly underneath bondages not even knowing/realizing it/them. I love you.

3. Into me see the beatitudes, not, but becoming them see, do, you who want me.

4. See what I have said/spoken and banner not my beatitudes (1) bannerless but proclaiming them, ingesting them; replicating them not in/by sterile means but reproductivity of only me, my life. Thank you. Amen.

5. Who can see the majestic ones now soaring, through crowded skies not; but only in me, skyways skyward and majesticly never ending flight. I love you.

6. See me skyward not but within, without, all about; around, within'ing the most outward thinking; thought refashioning all not but enough, takes place of me not but enters me within/through me. I am the channel not but door and whoever came through me are thieves and robbers not but one holy, ones holy, ones demised not who through the turmoil saw and came to me, father, to become/behold me. I love you/am you. I love you all.

7. This is the moment but whose moment? Mine alone. Mine others. Others not; mine me not me. This is the moment. Recognize me or discern me or difference is there? Recognition versus discernment and who can see, discern and tell forthwith action to take/behold? I love you.

8. Into me see, the sea what wherewith behold of? And what manner of man speaketh these things? Beholdeth no man of him, to him, above him? What manner of speech recognizeth that which beholden is? And what is that/beholden? I love you all.

9. This is the moment time and watch me all the stars, not; but who all want me, stars becoming, not wandering any more/longer.

10. Staid not; fashion form of me paradeth the planets not in orbit settled but unsettled who did make them? And what now wherewith must we do to prevail?

11. Watch me/us one the stars not but all who want me you. I love us/them, us'n's many who now choose us. We are one.

12. And behold the lamb one, not; but one lamb, many being. I love you all. Amen.

13. Sequence/sequester, not; being my sequence de-sequester'd now all'eth DNA'd mine replicateth no man imaged (2) in/via him, but me only shalt thou serve (3), not; be/become.

14. I behold you me as me and beholding me you become me; betwixt and between not but superficial not; artificial insemination not; but one surrendered to one becometh one.

15. I delight in you all for you to be/bring me forth; full grown not, but becoming so; crack of dawn not; but soon thereafter. Be me/healed. Be me'd. Be who we are. Be me us that/who are one; one being. I love you all. Amen.

Father, one being.
Dad
